National Transformation Institute

A New Era of Accelerated Impact

- 374 startups have been supported by KAUST since 2011
- 34% of KAUST startups are female founded
- 1408 invention disclosures
- \$55M startup co-investments
- Over \$550M capital raised
- \$50M in technology development grants

"The experience has been exactly what I hoped for—my research here is not only academically stimulating but also enhances my professional qualifications."
Erick Silva, Brazil, M.S. Computer Science

"I am glad to be a PhD candidate in Bioengineering at KAUST, because it is a unique place where I can combine high-level research in cutting-edge laboratories with pro-training."
Elisa Grassi, Italy, PhD Bioengineering
